On July 4<sup>th</sup>, my Fiancé, Chris Wagner was at Big Foot Beach in Lake Geneva Swimming when he dove into the water and injured himself, was drowning, and a Friend saw him and got him to shore where Chris then came to and was spitting up water. 911 was called and flight for life took him to Froedtert Hospital. He went under an 8-hour surgery and is slowly recovering. He suffered a C5 & C6 fracture (broken neck) and spinal injuries. Please support Chris by attending our fundraiser to assist with additional costs and personal expenses, as he is currently unable to return to work.
